Dear Ms Heppler:

I am writing in reference to your April 9, 2014 letter regarding the March 28, 2014 event. We felt it necessary to clarify that, for the purposes of the sediment release notification and response, Kennecott Utah Copper LLC is acting for and on behalf of Kennecott Barneys Canyon Mining Company. Kennecott Utah Copper LLC will also conduct the continuing response efforts for and on behalf of Kennecott Barneys Canyon Mining Company.
